

MPN Recovery Treatment Plan Process

Starting the Document

- 1. Open client chart, locate and then click on MPN Recovery Treatment Plan
- 2. Click on 'Create New Note'
- 3. Click either the 'initial' or 'update' box, depending on which it is.
- 4. Enter DOS

5. Enter the Prescriber/Physician by clicking on the blue 'Open'. This will open the following widow. If the Prescriber/Physician you are looking for is not listed, search the Master List. Click 'OK' once done.

Completing a Treatment Plan in EHR for MPN 05/2023

822 Marietta Avenue, Lancaster, PA 17603 535 Locust Street, Columbia, PA 17512 PH: 717.399.8288 F: 717.399.8968 Page 1 of 8

- 6. Enter Recovery Plan from date. This will auto populate a date in the 'through', as well as the 'next review 'date'.
- 7. Fill in 'Expected duration of services' and 'Expected frequency'.
- 8. Fill in 'Recovery Vision'. Try to use client's own words and place them in quotes.
- 9. Enter 'Client Strengths', 'Natural Supports' by using relationship and name, (i.e. sister 'Amy'), and 'Client Barriers'. Use words, not sentences. (i.e. Nonreality based thoughts, illness, anxiety)

- *16.* Now that the Treatment Plan is completed, complete the 'Preliminary Discharge Plan'. e.g.("To be able to take care of my children; To be volunteer at local agency; To return to part time work.") *This is what the Client is hoping to achieve.*
- 17. Complete 'Current Providers'. List all physicians involved in care. e.g. (FMD, Psychiatrist, Psychologist, Therapist).
- 18. Save as a draft and notify Daniel and Char with an EHR message notifying them of the completion of the Treatment Plan. **ALWAYS** attach the client chart to the email.
